

Relicensure

Licensees who miss the late renewal period and allow their license to lapse, may apply for relicensure.

Requirements for licenses lapsed from 61 days to 3 years include the filing of the appropriate application and fees, and that the applicant be of good moral character.

Requirements for a licensee whose license has been lapsed for more than 3 years include that the applicant be of good moral character, and that they meet current licensure requirements.

You may find an application for relicensure at: <http://www.dleg.state.mi.us/bcsc/forms/larch/lla-800.pdf> or you may contact our office at 517-241-8720 to have one mailed to you.
